The city's contemporary flair meshes with hot springs, spas and unspoiled nature, offering a wonderfully diverse collection of relaxing and invigorating experiences. Whether you embark on a tour of the city with a visit to the Festspielhaus or take full advantage of Baden-Baden's curative powers at the Caracalla Thermal Bath or Sea Salt Grotto, you'll leave feeling relaxed, rejuvenated and ready for everything else that's in store.

Day 3—Baden-Baden (Depart): Check out of your hotel and begin your journey home. You will be transferred to Frankfurt Airport for your flight home.

DAY 2 MORNING OPTIONS

BADEN-BADEN CITY TOUR WITH CASINO

Join a local guide for a walking tour of enchanting Baden-Baden, which will bring you past two thermal baths and the city's famous Casino. Gain further appreciation for the Romans and their love of natural spa facilities as you pass by the Fettquelle, a public thermal fountain where it is believed that the water is health-promoting. After learning about the curative powers of Baden-Baden's water sources, explore the Casino Baden-Baden, and let its ambiance, architecture and atmosphere enthrall you. You'll enjoy a tour of this grandiose building, complete with a walk through the gambling halls, which offer a look at the casino's fascinating history dating back to 1855 and Dostoevsky's novel "The Gambler"—written in Baden-Baden and based on this casino.

OR

FESTSPIELHAUS GUIDED VISIT

Immerse yourself in the melodies of Baden-Baden on a guided visit to the Festspielhaus, the 2,500-seat Opera House. Festspielhaus is Germany's largest opera house and the largest classical music venue in Europe. Its architecture is particularly unique, as it sits on the trackbed of a former railway station with a neo-classicist structure that serves as the main entrance. The Opera House was reconstructed in the mid-1990s by Viennese architect Wilhelm Holzbauer in accordance with the ideal acoustic values calculated by physicist Karl-Heinz Müller.

DAY 2 AFTERNOON OPTIONS

CARACALLA THERMAL BATH

Perhaps Baden-Baden's most notable attraction, the Caracalla Spa features countless opportunities to enjoy the mineral-rich waters of the thermal baths. This large facility offers a soothing atmosphere unlike anywhere else in the world, from its two marble pools and grottos to whirlpools and sun-bathing lawns. It was here that the thermal water's healing powers were discovered by the Romans some 2,000 years ago, creating a bathing culture for the very first time under Emperor Caracalla. With plenty of room to relax and unwind, your time at the Caracalla Spa will rival experiences at some of the nicest spas in the world.

OR

SEA SALT GROTTO

Experience the benefits of Dead Sea and Himalayan salts in the Salina Sea Salt Grotto of Baden-Baden. The grotto's walls are dressed in all-natural salt bricks, while the floor is blanketed with a thick layer of salt—working together to provide a microclimate that allows you to breathe in valuable materials and trace elements that strengthen the immune system, enhance the ability to concentrate, and provide physical and mental rejuvenation as well as optimal deep relaxation.
